Robert Laing
President
Clean-Flo Laboratories, Inc.
4342 Shady Oak Road
Hopkins, Minnesota 55343

Dear Mr. Laing,

Thank you for the technical information you sent to me for review. I have reviewed your information and documentation on lake restoration and want to point out that it is the most comprehensive data available I have seen anywhere. Your experience with aeration methods is well established and I feel that your comprehensive approach to water problems is best.

I would like to discuss how your process can fit into our aquaculture program. Please call me at your convenience.

Sincerely Yours,

Lance Crombie Ph.D.
President
