

Midnight Black Lake Dye

Super Strength Black Lake and Pond Colorant

The use of **Midnight Black Lake Dye** adds a natural beauty to ponds, lakes and lagoons, aesthetically improving their appearance. When applied at the recommended rates, *Midnight Black Lake Dye* will not stain birds or fish, and is harmless to humans as well as wildlife.

Midnight Black Lake Dye is a Bird Blocker formulation designed to darken water sufficiently to protect against fish "poaching" in aquacultural environments.

West Chester, PA
800.328.6656
MADE IN USA

Midnight Black Lake Dye will not disrupt fishing, swimming or irrigation once product has dispersed. However, do not swim, fish, or irrigate from ponds treated with *Midnight Black Lake Dye* until the product has thoroughly dispersed.

DIRECTIONS

Apply at the rate of 1 quart of *Midnight Black Lake Dye* per 1 surface acre of water 4 feet deep. If a deeper color is desired, use additional *Midnight Black Lake Dye*. This product should be added to lakes or ponds from several different locations to insure even dispersion. Wear rubber gloves when applying *Midnight Black Lake Dye* to protect hands from staining.

CAUTION: Keep Out of Reach of Children. Avoid contact with skin. If product comes into contact with skin, wash thoroughly. In case of eye contact, wash thoroughly with clear water. If irritation persists, contact a physician. Harmful if swallowed.

STORAGE AND HANDLING

Keep product closed when not in use. Store in a cool dry location. Do not reuse container.
