Hi Brian,
Hope all is well with you
I did not get a notice of spring specials this year but need to order a bunch of filters
12 X OE4610A Compressor filters
4 X OE4150 Cabinet Filters
Lake is doing superbly and both Trout and Smallmouth are thriving plus Algae is down. The entire environment is hugely improved we have lots of Migratory Ducks and now the Bass are breeding we have Herons, Kingfishers and now Otters plus more species we have never seen before.
Thought you might be interested - best decision I made was contacting you guys
Best Regards
Tony
